## PROFESSIONAL BACKGROUND

My experience includes over 20 years of providing litigation support in all types of civil litigation. In addition, I collaborate with the lead attorneys to prepare key evidence for use in trial. I have expertise in providing graphic recommendations that will present the evidence in a persuasive manner to jury's with respect to opening statements, key witnesses, and closing arguments. I have participated in numerous successful jury verdicts for both plaintiff and defense firms throughout the nation. In trial presentation, witness preparation, trial equipment & war room planning are all areas where I have extensive knowledge and experience. Professionalism, accountability, and reliability are all traits I value when providing litigation support to law firms.

I have presented evidence in over 150 trials in 20 states, in both Federal and State courts. Below is a partial list of trials in which I have presented evidence. In each of these cases, I worked from the discovery phase (beginning of the case) all the way to verdict.
